Class Prophecy

A brand new day in my life as assistant to the internationally known psychologist, Dr. Robert Lemuel Alexander, was just beginning when a 'phone call requested that I come, immediately, to my boss' office.

The urgency of the call inspired me with confidence and joy that were changed to a feeling of anxiety and dismay the moment I saw Dr. Alexander's countenance.

"Miss Eagles," he said, "I have for you a very important assignment upon which depends the destiny of the world-its security or its destruction. It will be your responsibility to select 42 people as a crew for a Lunar Rocket. The task is a stupendous one. I shall expect a certified report from you within 48 hours."

I had never failed Dr. Alexander; I should not fail him now, but 42 people of calibre suitable to staff a Lunar Rocket! 42--42--I said to myself, and as if by magic, the saying of the number 42 brought to mind the members of my high school senior class. We numbered 42- the most daring, versatile people to be found anywhere.

In haste, I drew from my desk drawer an address book bearing the names, addresses, and telephone numbers of every member of the Class of 1959.

I literally monopolized the services of both telephone and telegraph for 40 hours, and at the end of 48 hours I had the acceptance of all 42 people, had listed them as I thought wise, and presented the certified report to Dr. Alexander. He gratefully accepted my report and asked that I read it to him which I did:

Fe Allen is now a well known geologist in the Midwest. On the side he is a private investigator for the F. B. I.

Being elected president of her high school bridge club, Bette Lou Cash now runs a "bridge parlor" behind the locked door of her famous night club "The Lucky Turn."

Claudette Cranford has invented a new cigarette with over 75,000 filter traps.

Woodie Evans, having married a business tycoon, is a floor walker for their large department store, in lingerie.

David Fuller, known in high school as "hot-lips Fuller", has taken over the "Bob Cummings Show".

Jesse Holton is a famous sports writer. In his spare time he writes books on sports and donates them to the Mills High School library.

Sandra Sue Horton, after giving it much consideration, is now a feature dancer with the "June Taylor Dancers".

Barbara Johnson is a New York City policewoman; her only job is to keep people from "Jay-walking".

Class Prophecy

Remembering his high school dream, Phillip Knott is the sole owner of a drag strip around Mills High School.

Alma Marks, who had enough excitement in her senior year in high school, is just trying to find a husband so she can live happily ever after.

Richard Marshall's love for football followed him through life. He is now coach of the football cheerleaders at the University of Florida.

Even now we see Johnny Matthews in cap and gown--no--he isn't still trying to graduate; he is the head surgeon at John Hopkins Hospital.

Charlene Oakley now guides tourists through the Sahara Desert on her CAMEL.

Billy O'Neal always wanting to win some kind of record finally succeeded; he is the only male kindergarten teacher in the world.

Johnette Waddell, after her exit from the social world, is the president of her own "Lonely Hearts Club".

Phillip Perdue, after many hours of practice, holds honors of being the world champion hula-hooper.

After a whirl at ladies wrestling, Rose Perry changed her sport and is now the water skiing instructor at Sea Island, Georgia.

Bland Pruitt, who has taken over faithful old Casey's place for trailway, now takes Mrs. Jackson's seniors to Washington.

Allen Richardson took a course in aerodynamics and now is an instructor in a pilots school in Miami, Florida.

Faye Southall had made a career of going to college. She said there is one main interest (namely Professor Harrison.)

Alma Ray Spencer has become a renowned scientist and she has found her way to every teenagers heart. She invented a new pin ball machine.

Making sure she will be EARLY all her life, Jayne Stallings now owns a clock factory.

Jack Stone, being one of the shortest boys in his class, spent his entire life developing a vitamin pill for growth. By the way, Jack is now 6'6".

Martha Wrenn owns her own radio station, Station TWH. She runs Them both like a charm.

Charles Buchanan got tired of girls stepping on his feet while dancing, so he operated a large dance studio for girls in the South.

"The Arthur Murray Show" is still on the air, but now when Arthur gets tired of doing the rhumba, Bobby Davis stands in for him.

After divorcing his fourth wife, Harry Strother decided to sell his mink farms and retire.

Clay Taylor worked so hard at being student council president that Mr. Stallings finally retired and gave the school to him as a Christmas present.

Class Prophecy

Clay made only one change-no males are allowed to enter the premises.

Hazel Tharrington got a knock at her door one day-yes-it was a cashiers check for one million dollars; now she sits at home and watches her secretaries count her money.

Janice Wilder, the first Mrs. in our class, is now rearing a family. Every child gets "Wilder" and "Wilder".

Frank Park quit college after he took the entrance exam, hoboed down Texas way, stumped his toe in the soil, and up popped an oil well.

Trudy Anderson's love for mysteries has paid off! She is now assistant to J. Edgar Hoover, head of the F. B. I.

George Hayes is now a famous chef at the Waldorf Astoria.

Diane Layton is the perfect housewife with a family of three sets of twins.

Frances Bass has held the title of "Cowgirl of the Year" for the past five years. She goes on Rodeo tours all over the world year 'round.

Jean Coley went into training at Rex, fainted into her doctor's arms at the first sight of blood, and later married him.

Janet Hall married her high school sweetheart and is now rearing her own "Hall Globe Trotters".

Jo Ann Capell is now a much loved school teacher. She doesn't believe in making students nervous by giving them tests and exams.

Mavis Smith gets to listen to everyone's conversations; she is a telephone operator in South Carolina. Want to know the latest news? Just dial O and ask for Mavis.

Herbert Beasley is every girl's dream swinging from a tree in the new Tarzan series.

Gaynelle Layton runs an apparel shop for men in down town Louisburg.

In high school Carolyn Baker took piano for many years; now she works on the Liberace show--she buys his candles and carefully arranges them on the piano for him.

When I finished my report Dr. Alexander nodded his head with approval. As I turned to leave the room he cleared his throat with forced effort and began to speak, "Miss Eagles, one of us must accompany this fine crew and since I can not leave the office--"

I took the hint all right; so off I went to the airport.

Unfortunately, the traffic was very heavy that day and I was unable to board the rocket with the others. I got to the airport just in time to get a faint glimpse of the ship as it faded from sight.

Class History

In the fall of 1947, a group of small, bewildered children entered William Robert Mills School. Our eight years of elementary school were filled with the guidance and understanding necessary for adaptation to high school life.

September of 1955 found our class (the class of 1959) making its first appearance in high school life. We were rather shy and quite awed by the mighty "upper classmen". After our first excitement had subsided, we began to get into the swing of things, under the watchful eye of Mr. Earl T. Justice and Mr. Clyde Polk. We elected class officers with Clay Taylor as president; George Hayes, vice-president; Chuck Green, secretary; and Charlene Oakley, treasurer; and then got to work. Our outside activities were few in quantity but wide in quality. Many of our students took part in the glee club, Martha Wrenn, Billy O'Neal, Faye Southall, Barbara Johnson, Betty Lou Cash, Johnette Waddell, Sandra Sue Horton, Frances Bass, Janice Wilder, Charlene Oakley, Trudy Anderson, Joyce Eagles, Phillip Perdue, David Fuller, Bland Pruitt, Jayne Stallings, Carolyn Baker, Rose Perry, Jean Coley, Diane Williams, Clay Taylor, Bennett Perry; band, Jesse Holton, Faye Southall, Martha Wrenn, Janice Wilder, David Fuller, George Hayes, Bland Pruitt, Chuck Green, Clay Taylor; F.H.A., Jayne Stallings, Barbara Johnson, Johnette Waddell, Sandra Sue Horton, Charlene Oakley, Betty Lou Cash, Carolyn Baker, Jo Anne Capell, Martha Wrenn, Gaynell Layton, Rose Perry, Frances Bass, Faye Southall, Diane Williams; cheerleaders, Martha Wrenn, Betty Lou Cash, Joyce Eagles; baseball, Frank Park; golf, Fe Allen, Bland Pruitt; basketball, Janice Wilder, Janet Hall, Alma Spencer, Charlene Oakley, Jesse Holton, Chuck Green, Bennett Perry, Frank Park, Sandra Sue Horton, Betty Lou Cash, and Fe Allen were marshalls.

Before we knew it, the summer was gone and we entered school again as sophomores. We entered school again this year with more confidence. Our advisor was Mrs. Gladys Bailey, Jean Coley was elected president; Harry Strother, vice-president; Claudette Cranford, secretary; and Martha Wrenn, treasurer. Sandra Sue Horton attended the Beta Convention in Asheville. In April Mr. Polk took the biology class to Florida. Everyone enjoyed this trip and wish only that the other classes could have the opportunity. Again the class participated in various activities and athletics. Marshalls were Betty Lou Cash, Sandra Sue Horton, Trudy Anderson, and Felix Allen. This and a few parties ended our sophomore year.

When we returned in '57, we were aware of the responsibilities placed on our shoulders. We received things that we had been looking forward to, our class rings. On May 10, 1958, the juniors and seniors met in Raleigh at the Woman's Club for their banquet. The theme was "Moonlight and Roses". Everyone really enjoyed this big event and will always remember it. Attending the Beta Convention in Raleigh were Sandra Sue Horton, Trudy Anderson, Betty Lou Cash, Martha Wrenn, Fe Allen, Clay Taylor, and Phillip Perdue.

We knew what a busy year was before us. We went about our duties with Mrs. Harvey Bartholomew helping us through the most difficult tasks. Elected as officers were David Fuller, president; Allen Richardson, vice-president; Joyce Eagles, secretary; and Charlene Oakley, treasurer. Marshalls were Betty Lou Cash, Trudy Anderson, Felix Allen, and Sandra Sue Horton. The juniors enjoyed participating in the clubs and athletics. This year they continued their activities. Doing a swell job on the first football team since about twenty-five years were David Fuller, Richard Marshall, Jack Stone, Harry Strother, and Phillip Knott.

Returning for our final year in August 1958, under the guiding hand of Mrs. Susie H. Jackson, we began a busy year looking toward the future with high hopes. Under the wonderful guidance of Mrs. Jackson and the officers we elected our senior superlatives. Best-all-around, Frank Park and Janice Wilder; best dressed, Clay Taylor and Sandra Sue Horton; most talented, Jesse Holton and Janice Wilder; friendliest, Phillip Perdue and Claudette Cranford; most studious, Phillip Perdue and Sandra Sue Horton; most popular, Richard Marshall and Betty Lou Cash; most athletic, Richard Marshall and Alma Spencer; best looking, Bland Pruitt and Gaynell Layton; cutest, Charles Buchanan and Betty Lou Cash; most courteous, Herbert Beasley and Jean Coley; wittiest, Billy O'Neal and Janet Hall. President of our Student Council was Clay Taylor, with Betty Lou Cash, treasurer; Bland Pruitt, Sergeant at Arms; and Janice Wilder, class representative. Having the honor of being in the Beta Club were Trudy Anderson, Charlene Oakley, Martha Wrenn, Fe Allen, Phillip Perdue, and Clay Taylor. We want to thank Betty Lou Cash and Sandra Sue Horton for doing such a wonderful job on our school annual and paper.

There will always be memories of our Washington Trip. Among the interesting places we visited were: the Capitol, White House, Bureau of Printing and Graving, the Washington, Jefferson, and Lincoln monuments, Cathedral and the Monastery, and Mount Vernon. Everyone truly enjoyed this trip and hope there will be the opportunity for everyone in the years to come.

It was a long road with many smiles and a few tears, but it has been one that will always bring pleasant memories to us. We want to thank our parents for their loving guidance in sending us to school, our principals, teachers, and all the students for helping make our school life a most enjoyable one. We all say "Thank You".

Class Poem

Now that our high school days are o'er,
Our hearts are joyful, but at the same time sad;
Joyful in that we have reached our goal so long
worked for,
Sad because we are departing from the good times
we've had.

Realizing that now we must choose our path of life,
We look toward the future to see what it holds;
Will there be more joy than sorrow? more leisure than
strife?
These can only be answered as time unfolds.

Although we can't tell what future will bring,
We have our friends and loved ones to help us on
our way,
And we have God, the Everlasting King,
To love, cherish, and guide us each day.

Diane W. Layton

Class Song

"There's a school we will remember,
And each year was very fine.
Our big class was good and bad together,
And the fun we had was so divine.
Friendship thrives throughout our daily living
From the years we spent in dear Mills Hi;
So let's set a goal for all high standards
That we learned back in old Mills Hi.

There'll be days when we'll be thinking,
Of our past throughout those times.
With kind thoughts and with our full remembrance
Of the friends we made along the line.
So Mills Hi we will not ere forget you
And the pleasant hours we spent with you;
May you not forget we love you Mills Hi,
With a love that will never die."

Tune: Smiles

ACTIVITIES

This group is a newly organized body. In governing Mills High, dear but old, they work not for the benefit of a few, but for the benefit of the whole.

Conventions, meetings, they really have fun. Work comes first, but it will pay off in the long run.

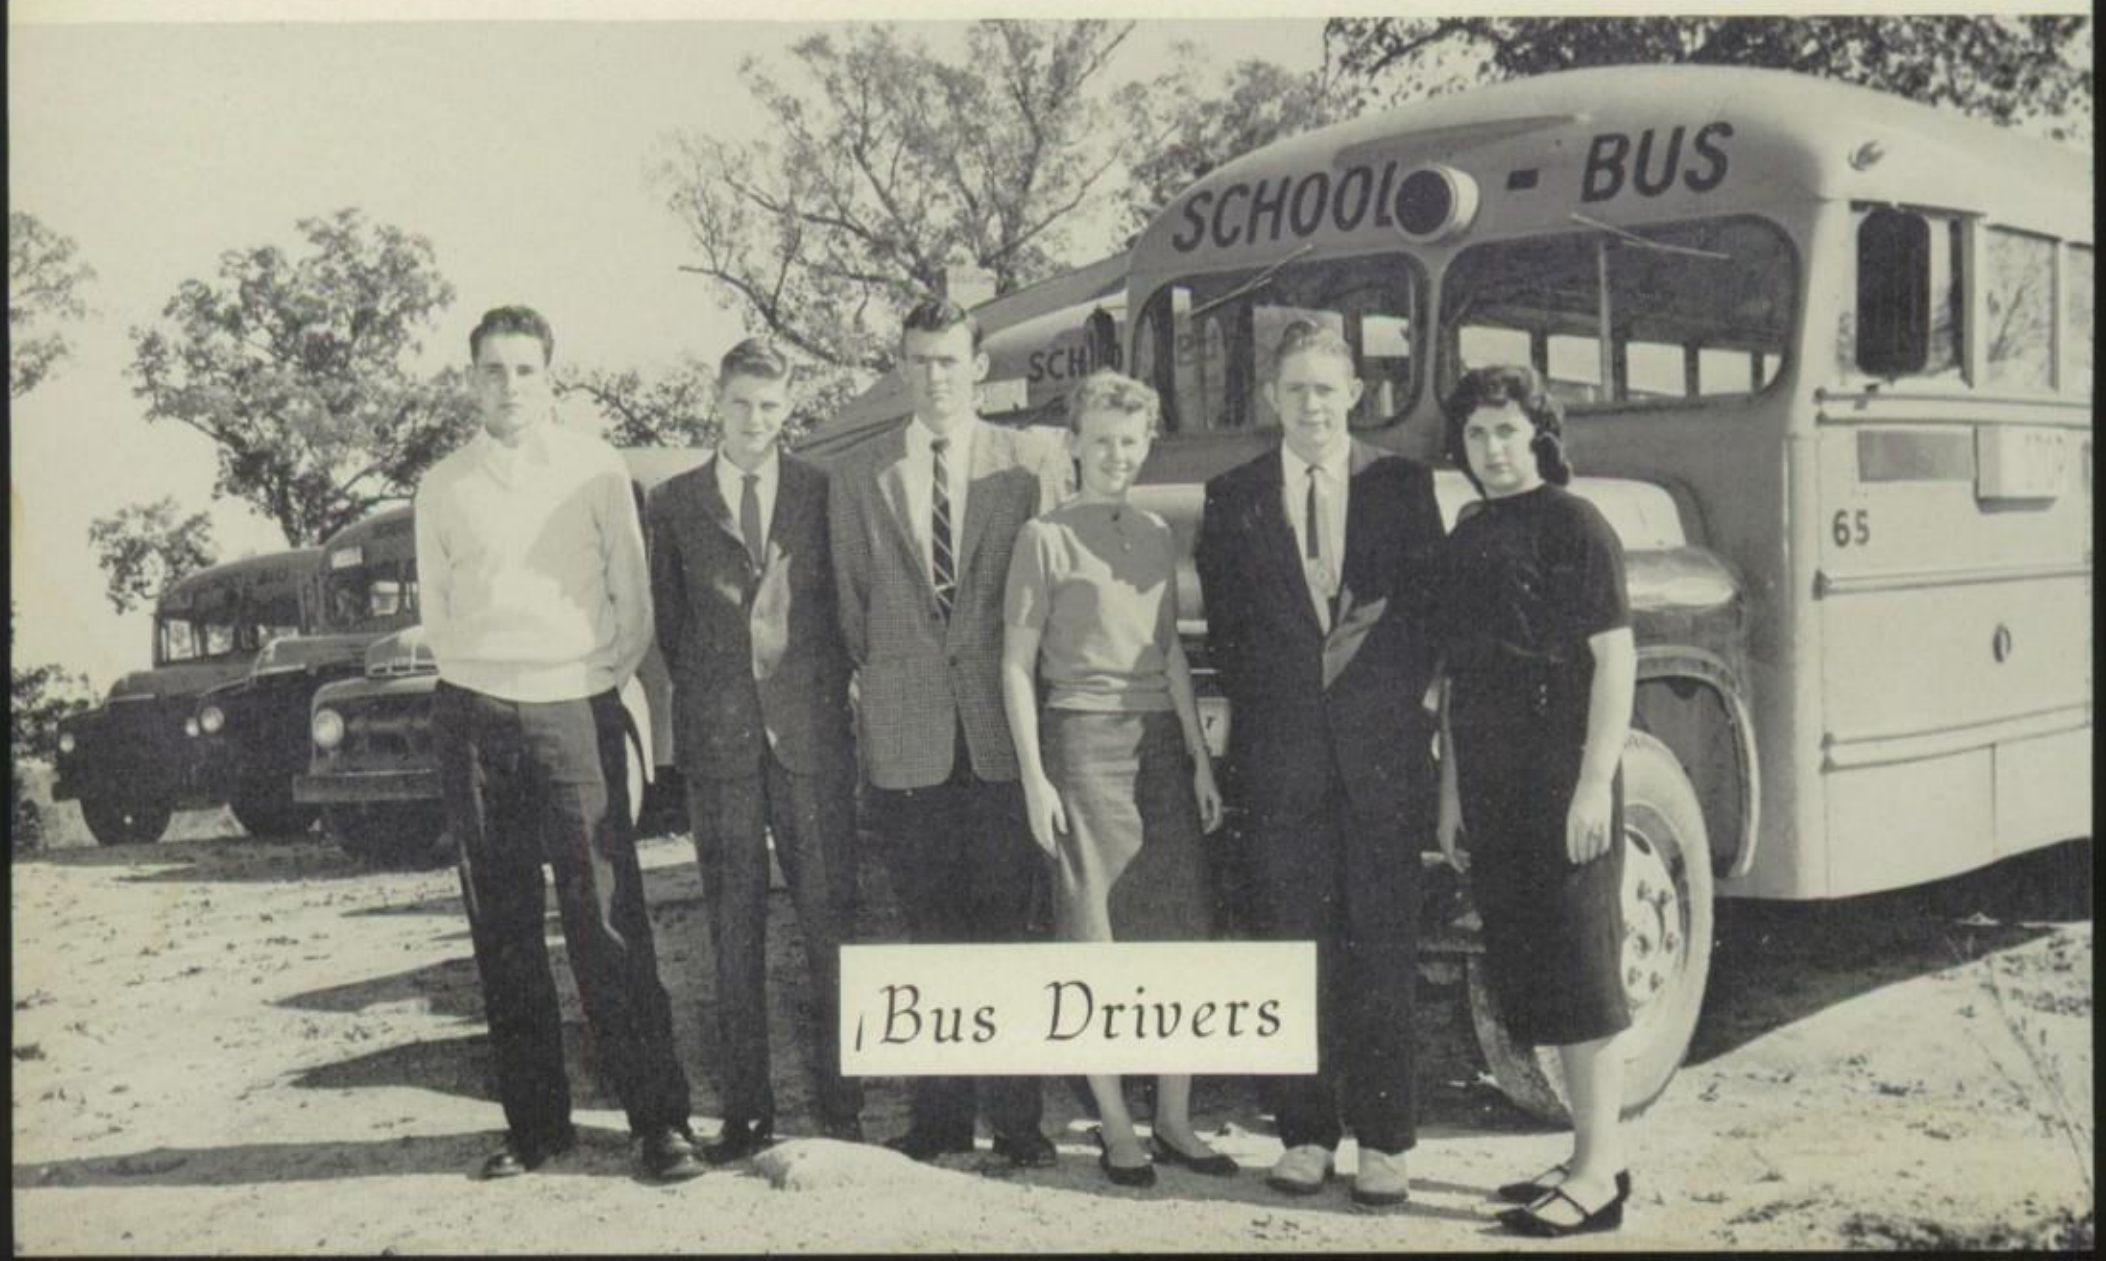
They sit in class from September to May. They work real hard so they all say-just so they can be your teachers someday.

These girls cook, these girls sew, THEY are the Future Homemakers-On the Go!

The Romans had a language-It was very strange you see. It took very hard work and studying to learn the verb To Be.

Singing and working, it couldn't be greater. We always know that high ratings come later.

We have Chit Chat, Features, and news of the latest. In short-our School Daze is simply the greatest.



Mr. And Miss Mills High

Look up so high-right to the sky. You'll see those two kids who reign as Mr. and Miss Mills High.

Left to right-Trudy Anderson, Sandra Sue Horton, Fe Allen, Bette Lou Cash.

She was the choice of the boys-She was the choice of the team. She is the greatest-our Homecoming Queen.
